

LAKE CREEK LODGE

Camp Sherman, Oregon

It's a unique sound, the sound of silence. Since the latter part of the 19th Century, people have been coming to this Oregon destination with just that in mind. A dozen and a half cabins are planted in the middle of 40 private acres. Each cabin is unique and features a mix of authentic antiques and new furnishings, a blend of modern amenities with the look and feel of yesteryear. A capricious mountain stream is just outside your door. Enjoy a perfect night of rest, waking up to the

fresh mountain air blowing through your window. Relax and refresh, where the wind still drifts through the sun-drenched ponderosa pines and the snow-capped peaks keep watch from the northwest horizon.

The property offers plenty of opportunities for outdoor recreation or just plain relaxation. Shoot some hoops on the basketball court, try your hand at horseshoes, enjoy a game of tetherball or practice your skills at the pool or ping-pong tables. You'll also find tennis courts and the large seasonally heated swimming pool. Right out your door you'll find opportunities for biking, hiking, fly fishing, boating, golf, wildlife viewing, bird watching and more. For the avid fly fisher, the world-renowned Metolius River is a thrilling challenge and not more than five minutes from your doorstep. All in all, you have the 1.6 million acres of the Deschutes National Forest to explore and a memory-making place to stay. For more, log onto LakeCreekLodge.com or call 800.797.6331. Airport: Sisters Eagle Air (6K5).
